## About the FDP

Soft skills, also known as personal qualities or attributes, are an integral part of professional development and **success** in today's job market. While hard skills, or technical abilities and knowledge specific to a particular industry or job, are important, soft skills can often make the difference in terms of performance and advancement in your career.

Soft skills are transferable across industries and job positions, meaning they can be applied in a variety of situations and environments. They also impact how you interact with others and handle challenges in the workplace. Strong communication skills, for example, can help you effectively convey your ideas and thoughts to colleagues and clients, leading to better teamwork and productivity. Good leadership skills can help you take on leadership roles and drive projects forward. And problem-solving skills

can help you find creative solutions to challenges that arise in the workplace.
