Report:

Every woman has the right to live in dignity, free from fear, coercion, sex discrimination. Our laws very well respect women's dignity & modesty. The criminal law provides for the punishments for offenses committed against women like sexual harassment, assault with intent to disrobe her. Under the guidance of our institution, departments of commerce and BBA conducted an awareness programme on legal & personal rights of women in the village of Alakkudi. We planned to visit the village led by a PRINCIPAL Dr.T. VEERASAMY, DR.R.D.SATHYA HOD of commerce, H.BAMA HOD of business administration and students of these departments. We enlighten the villagers about legal rights and personal rights of women. Considerable members of women participated in this programme and acknowledged the students involvement in this programme.

Everyone has stress. Even everyday events, such as planning a meal, making time for errands can be stressful. Women are also more likely to have mental health conditions that are made worse by stress, such as depression or anxiety. Under the guidance of our institution, both the departments conducted an awareness programme on impact of stress on women's health in the village. We explain about stress on women's health and its adverse impact among the villagers.

Report

The village Marungulam located in Thanjavur district situated in Tamil Nadu state, with a population 4661. The male and female populations are 2335 and 2326 respectively. Our college motivated and allotted the department of Biotechnology and Fashion technology to visit this village for extension activities. Breast cancer is a disease caused by the development of cancerous cells in the breast. These cancerous cells start by growing and invading healthy cells in the breast. With short period of time, they make their way to other parts of the body via blood or lymph vessels. According to research one in every eight women will be diagnosed with breast cancer at some point in her life, and one in every thirty-eight women will lose her life to this disease. This Breast Cancer Awareness take the opportunity to start conversations about breast cancer with people of Marungulam and its surroundings. We planned and visited the village. In this programme we explained about the Diagnostic and treatment methods of Breast cancer for Marungulam Village People.

of the thanjavur district and ariyalur district. Ariyalur district thirumanur is north towards this place. Demographics of marungulam: tamil is the local language here. Groundwater is water that exists underground in saturated zones beneath the land surface. The upper surface of the saturated zone is called the water table. Contrary to popular belief, groundwater does not form underground rivers. Properly dispose of all waste; don't dump chemicals down drains or on the ground. Test underground fuel oil tanks for leaks; if possible, replace them above ground. Safely store all chemicals and fuels. Minimize the use of chemicals; always use according to directions. Under the guidance of our institute our department conduct an awareness programme.

We planned to visit the village led by Dr.T.VEERASAMY principal, Dr.S.JAWAHAR HOD of biotechnology , Mr. K.CECIL ALPHONSE HOD of fashion technology and faculties of both the department. We explained about the ground water saving and its benefits to the village people. In this programme there were 110 villagers participated are got benefitted.

infection that causes severe flu-like symptoms. It can be fatal. There is no cure, but there are ways to manage symptoms. The disease has a huge impact on the health, well-being, and economy of the population. The key success to control dengue depends not only on services provided by health authorities but also on the awareness of the community about preventing practices and their health-seeking behavior. Under the guidance of our institute our department conduct an awareness programme.

We planned to visit the village led by Dr.T.VEERASAMY principal, Dr.S.JAWAHAR HOD of biotechnology, Mr. K.CECIL ALPHONSE HOD of fashion technology and faculties of both the departments. We described about how dengue fever affect society to the people of marungulam. In this programme there are 90 villagers are got benefitted.

Report

The village Marungulam located in Thanjavur district situated in Tamil Nadu state, with a population 4661. The male and female populations are 2335 and 2326 respectively. Our college motivated and allotted the department of Biotechnology and Fashion technology to visit this village for extension activities. Breast cancer is a disease caused by the development of cancerous cells in the breast. These cancerous cells start by growing and invading healthy cells in the breast. With short period of time, they make their way to other parts of the body via blood or lymph vessels. According to research one in every eight women will be diagnosed with breast cancer at some point in her life, and one in every thirty-eight women will lose her life to this disease. This Breast Cancer Awareness take the opportunity to start conversations about breast cancer with people of Marungulam and its surroundings. We planned and visited the village. In this programme we explained about the Diagnostic and treatment methods of Breast cancer for Marungulam Village People.

of the thanjavur district and ariyalur district. Ariyalur district thirumanur is north towards this place. Demographics of marungulam: tamil is the local language here. Groundwater is water that exists underground in saturated zones beneath the land surface. The upper surface of the saturated zone is called the water table. Contrary to popular belief, groundwater does not form underground rivers. Properly dispose of all waste; don't dump chemicals down drains or on the ground. Test underground fuel oil tanks for leaks; if possible, replace them above ground. Safely store all chemicals and fuels. Minimize the use of chemicals; always use according to directions. Under the guidance of our institute our department conduct an awareness programme.

We planned to visit the village led by Dr.T.VEERASAMY principal, Dr.S.JAWAHAR HOD of biotechnology , Mr. K.CECIL ALPHONSE HOD of fashion technology and faculties of both the department. We explained about the ground water saving and its benefits to the village people. In this programme there were 110 villagers participated are got benefitted.

infection that causes severe flu-like symptoms. It can be fatal. There is no cure, but there are ways to manage symptoms. The disease has a huge impact on the health, well-being, and economy of the population. The key success to control dengue depends not only on services provided by health authorities but also on the awareness of the community about preventing practices and their health-seeking behavior. Under the guidance of our institute our department conduct an awareness programme.

We planned to visit the village led by Dr.T.VEERASAMY principal, Dr.S.JAWAHAR HOD of biotechnology, Mr. K.CECIL ALPHONSE HOD of fashion technology and faculties of both the departments. We described about how dengue fever affect society to the people of marungulam. In this programme there are 90 villagers are got benefitted.

The resources below will help learn about actions can take to protect yourself and others from flu and help stop the spread of germs. Avoid close contact. Avoid close contact with people who are sick. When you are sick, keep your distance from others to protect them from getting sick too. Stay home when you are sick. If possible, stay home from work, school, and errands when you are sick. This will help prevent spreading your illness to others. Cover your mouth and nose. Cover your mouth and nose with a tissue when coughing or sneezing. It may prevent those around you from getting sick. Flu viruses spread mainly by droplets made when people with flu cough, sneeze or talk. Clean your hands. Under the guidance of our institute our department conduct an awareness programme.
